IMPORTANT LEGAL NOTE - UPLOAD OF PRESENTATIONS

Please make sure that ...

1. you protect the rights of the owners of the related content,
2. you own the rights of use to publish copyright-protected content,
3. you have fulfilled the obligation to identify any copyright as requested by the copyright owner.

By uploading papers, ...

1. you assert that the use of the paper does not violate the rights or claims of third parties
2. you grant the organizers of ESE Kongress the nonexclusive right to use, unrestricted in terms of content, space and time...
 - to publish the abstract, vita and image of your paper on the event website,
 - to store presentations digitally in the submitted format (e.g. PowerPoint file, pdf file, video) and to make them available to event attendees, subject to password protection, and moreover
 - to publish the abstract of your presentation in the conference proceedings and to make it available to event attendees, subject to password protection.

Your copyright protection remains unaffected by this. The organizer is not permitted to transfer the rights of use to third parties.
